

Some of the Nebraska Bridges. I Dennis A. Vodicka have designed for the Dept. of Roads in past 32years:

1. I-480 in downtown Omaha,
20th street to Missouri River Bridge
2. South of Valentine,
Hwy 20 over Niobrara River, Tallest and longest steel span Bridge in the state.
3. I-80 over 72nd street, east & west bound in Omaha.
4. I-80 over 60th street, east & west bound in Omaha.
5. Capehart Rd over US 75 in Bellevue
6. Capehart Rd over Fort Crook Rd in Bellevue.
7. Military Av. over I-680, Omaha
8. US 75 & I-480 over Burt St.
9. Hwy 61 near Merriman, over Niobrara River
10. I-80 over Platte River at Locust Street off-ramp at Grand Island
11. I-76 & I-80 Interchange near Big Spring
12. I-80 at Big Spring
13. Hwy 183 south of Elm Creek
14. Hwy 2, east of Syracuse, east & west bound
15. Hwy 281 by Doniphan
16. Hwy 15, 5 bridges north of Schucyler
17. Hwy 30, Columbus Post Tensioned Tied Arch Bridge

In addition, many more Structures too numerous to mention.

The State of Nebraska, Dept. of Roads Bridge Division, has accepted me, as a **Structural Bridge Designer (Engineer)**.
This can be verified by the NDOR Bridge Engineer Mr. Mark Traynowicz, PE.
