

SUMMARY STATEMENT

SUBJECT: Need a new Attorney who is not afraid of the NE Board of Engineers

I need help, my old Attorney Mr. McIntosh of (Ricketts Law Firm) quit on me on Aug 5, 2016, when it starting getting rough leaving me holding the bag. He left me before the court date of Nov. 1, 2016 without a trial by Jury and with no Attorney to represent me at this Court. Plus, the **Judge deny me, my right to have an Attorney present at this Nov. 1, 2016 trail.**

I have a Jan 13, 2017 Court Hearing, where I am counter suing the Ne. Board of Engineers again I have no Attorney to represent me. I have sent requests to about 30 Attorneys who refused me or have not returned my request after 3 weeks.

I am being sued by the NE Board of Engineering Mafia and I was in the process of counter suing this Board. I am retired Military and also retired from State of Nebraska as a "Structural Bridge Designer II" on a fixed income.

Basically, the Board violated my Constitutional Rights, my Civil Rights, and my Federal VA Rights. They did not inform me of my rights, they did not let me know I can have Attorney present, there was no formal Court hearing, (but there was an Information meeting) then they fine me \$10,000 dollars, and I found out there is no Court Appeals. Basically, the Board of Engineers feel they are above the law, they are the **Prosecutor, Judge, Jury, and Executioner.** Now they are Suing Me for \$10,000 plus cost. I did not spend 23 years (in the Military) of my life protecting the Constitution of United State for a Government agency to take my Constitutional & Civil rights away from me.

I want to counter sue the Ne Board of Engineers for violating my **Constitutional Rights & Civil Rights, Federal VA Rights.**

The Ne Board Engineers changed the Law back in 2001 so I could never be Licensed as a SE, when I presented them with **A whole new Bridge Design Theory, back in 2000.**

Plus, sue them for the current trouble they cause me by **Discrimination** of the present and the past for about 15 million Dollars for lost income for the last 15 years (which is about 1 million dollars in lost income for each year that they changed the law since 2001).

Like to send you an **"Affidavit", "Statement of Explanation", "Witness list", and "16 years of supporting Documents" that would explain everything.**

With your help, we'll make history!
