

Letter to Editor and  
To NE Tax's Payers

May 4, 2016

Tax's Payers and County Commissioners', do you really want to know why it is so expensive to build Bridges here in Nebraska!

First, we must look at the Nebraska Board of Engineers & Architects. These people have been given the power to create Laws and not have to be accountable for these Laws. They can change these laws with a snap of a finger, and no one will question their actions. **(Absolute Powers corrupts Absolutely)**

Now one must ask, what does this have to do with the cost of Nebraska Bridges? One of their laws, exempt the NE Board of Engineers from having to bid on design projects that use tax dollars. You and I, are forced to use the bid process (that is called Competition, "and the Engineers do not have to compete"). There is no reason that a County Bridge Design should cost more than \$15,000.

I have been practicing in the Engineering Profession since April 1972 and 32 years as a Structural Bridge Designer II for the NE Dept. of Roads, Bridge Division. All Tax's Payers you need to get a copy of my Affidavit.

Well I was brought up on charges for publishing and making available the bridge design by the Ne Board of Engineers' (Mafia style) Court, where I have NO Constitutional Rights, where I am assumed guilty (I do not know what Country the Board comes from, but this is not the United States of America where I served 23 years protecting, in the US Army Corp of Engineers & the Air National Guard), I was not allowed to have an Attorney present, and all the Engineers that I have worked with were scared to be present to represent me, at this Kangaroo Court, (I could not, even get Dr. Tadros to represent me). They sued an idea and a vetted design. I was doomed before, they even held this Kangaroo Court.

We the People must group together, and petition the Government to investigate this Monopoly style of Organization called NE Board of Engineers and Architects.

To get a copy of my Affidavit send me an E-mail to [davodicka23@live.com](mailto:davodicka23@live.com) Subject: Affidavit.
